## NATURE INSPIRED PAINTING WORKSHOPS

**CHILDREN**

**WATER OF LIFE**  
with Genevieve Montgomerie

**CHILDREN'S 15 HOURS**

**School Holidays Dec/Jan (Aged 7+)**

For the child who loves to be arty and wonders "How do they paint the water that way?" children will work on their own chosen waterscape or nature inspired artwork and begin to understand colour layering, perspective and painting what they actually see.

This 6 day painting workshop will extend students who have an enquiring artistic mind and share a love for colour and form in nature. Children will work on a canvas of their chosen special water inspired place.

**MONDAY - SATURDAY:**  
 10-15 Dec 12:00pm 3 spots left  
 14-19 Jan 12:45pm 2 spots left

## NATURE INSPIRED PAINTING WORKSHOPS

Have you ever wondered why your favourite place is always close to the water's edge?

Have you been drawn into a painting of cool aqua water and immediately felt soothed?

Have you admired the brushstrokes that somehow invite you into this water of life that reinvigorates the soul?

Have you dreamt of owning a painting of that place of immense beauty - that is cherished by your family, is so close to your heart and is flooded with great memories?... then why not take the 'plunge' into a journey of learning and capture that unique WATER OF LIFE for yourself?

WATER OF LIFE invites beginners to kick off their shoes and paddle into the coastal playgrounds of this great State - leaving behind schedules, pressures and yearning... to 'BE' intoxicated by paint and pure luminous colour while enjoying some creative time out. Also suited for the more experienced artist my knowledge of perspective, colour layering to achieve translucency and treatment of light will evoke infinitely personal reflections of that special place...

### HOW THIS WORKS...

#### SAY YES!

Take the plunge.... You have always wanted to!! Believe in yourself and be guided by artist and teacher Genevieve Montgomerie to create something truly special!

#### CHOOSE YOUR SPECIAL PLACE ON THE WATER

Dig out photos of those special places you cherish with loved ones. Multiple photos of the one scene is ideal so we can work with best light/water movement/framing...

If time allows (it's worth it) return to your chosen place and take dozens of photos (YES - even on your phone) join frames together so that printed images can be stuck together in your workbook so we have a great range of frames/angles/light to choose from.

#### IMAGINE YOUR PAINTING

Think about how big you want your piece to be. Who it is for and where it will live? Ideally I am hoping to guide you through this selection process before our class begins so please contact me on [info@gmontgomerie.com](mailto:info@gmontgomerie.com) or 0401 771 875.

#### ORDER YOUR CANVAS

As the ideal canvas size/proportions are unique to every piece I ask that you supply your own canvas which can be ordered from Nick (at Claremont Framers) on 0411 220 018. I can assist with advice on the canvas proportions once we have the right image selected. Jacksons or Riot Art also provide artist quality canvases.

#### MATERIALS

All other materials (paints, easles, brushes, aprons and refreshments) are provided so show up ready to STIMULATE YOUR MIND and create something beautiful that you will be proud of!

#### COST

The cost of classes for adults is \$680 per term (8 x 2 hour lessons)  
Children's classes are \$420 (8 x 2 hour lessons).  
Maximum of 4 students per class.

#### CLASS TIMES

Students will be attending one of the following classes for 8 weeks (with option to continue painting post 8 weeks).

Tuesday:	10:00am   12:45pm (adults)
Wednesday:	12:45pm (adults)   3:45pm (children)
Thursday:	10:00am   7:00pm (adults)
Friday:	A Taste of Art: 11:00am   5:30pm
Saturday:	9:00am   11:45am   2:30pm (adults and/or children)

Genevieve is happy to form a class with a minimum of 3 students.

Please register your interest for these classes and more details will be available to you.

Payment is required for the classes when booking is made.

Rescheduling of classes can be arranged provided sufficient notice is given to allow for working in with other students placements/movements.

### MORE ABOUT ME...

Montgomerie is an award winning artist and teacher whose original paintings have found new homes worldwide. Her style weaves effortlessly between social realism and a contemporary take on the techniques of the Old Masters.. Painterly yet smooth, inviting yet intimately personal reflections... her works are a testament to the light, depth, moods, possibilities and energies of the cleansing 'Water of Life' she finds herself immersed in.

Montgomerie is probably best known for her intricate acrylic studies, capturing the quality of outdoor life shared by Australians indulging in the pleasures of coastal living. Her Western Australian works, in particular, are spontaneous and simple in subject yet recall for the observers a familiar perspective they cherish as particularly 'Western Beauty'.

Having lived in Cottesloe, Swanbourne and Mosman Park for 21 years now, Montgomerie feels very much a part of the rich beach culture she reflects in crisp aqua waters and bold golden light of the 'Indiana' hemmed edge of Australia.

Once described as 'technically traditional with a refreshing twist on the realist' Montgomerie's work is strong and vibrant with a determined expression of her national pride.
